

Poster Preparation Guidelines for Students

Students must create their own poster using the provided template. They can select an appropriate design and background for their poster. The required poster size is **A1 (594 mm x 841 mm)** and it must be in portrait orientation.

The content of the poster must adhere to the prescribed format and include the following elements:

- **Product photo**
- **Student's details**
- **Problem statement**
- **Product features/description/Methodology**
- **Main findings**
- **Novelty**
- **Other relevant information** (e.g., potential market, collaborators, additional pictures, etc.)

Posters should be prepared in either English or Malay.

Guidelines:

- Avoid using small font sizes.
- Do not use the same background color for the title and content.
- Avoid shadow effects.
- Ensure images of products or logos are clear and not blurry.
